

**EUPEAK**

**EU PEAK International Co.,Ltd**

For more than 30 years,EU PEAK has served the manufacturing of **injection molds and injection molding parts.**

The following approach and spirit that lives in the policy of our company, is enable us to work out great product for customers and sets customers' product apart.

## Our advantages

All-in-1 production and solution factory in the shortest lead time

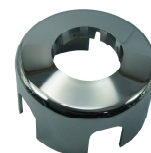

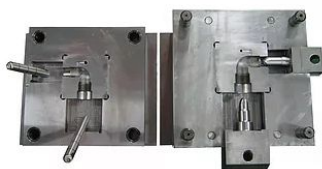

- Streamline service from Designing, Prototype development, Tooling, Manufacturing, Packaging, and Shipping
- Engineering Assistance
- Project Management
- Tool Qualification
- Provide the Cost-effective Solution

## Plastic injection molding

- Plastic Injection Molding from 90-400Tons
- Medium/High volume production molding
- In-house tool maintenance and engineering changes
- Systematic molding process

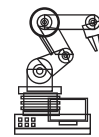

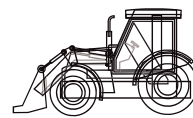

## Quality

- ISO 9001:2015
- Spectrophotometer
- Vedio measuring machine
- Freezing Tester ASTM-1790

## Specializes in

Automotive / Bicycle  
 Sports equipment / Industrial  
 Agricultural machinery / Medical

## Materials

Focus on Nylon ( PA6, 66+GF)  
 also ABS 、 PP 、 PC 、 PBT 、 PVC 、 TPE 、  
 TPR 、 POM 、 TPV 、 PS 、 EVA 、 PMMA 、  
 TPU 、 PE 、 PVDF 、 PFA 、 PEEK

## Value added services

- Pad printing / Net printing
- Assembly
- Painted parts
- Insert molding
- Over molding
- Ultrasonic welding
